Chapter 1 by Juan Bejar

¿What can we do now? The war is here, another world war.

I've been taken away from my family, the government created a program where they kidnap young people and set them in the army. That is what the other guys told me, we are going to be used as a weapon and I don't even know how to use a gun.

But one thing is for sure, we are going to be in the battlefield.
